

PROFILE SUMMARY

Motivated Computer Science and Engineering student with a strong interest in Full Stack Development, Responsive Web Design, Problem Solving, and AI-driven technologies. Interested in building practical, user-friendly applications and continuously developing technical skills.

EDUCATION

Dr. APJ Abdul Kalam Women's Institute of Technology, Darbhanga, Bihar 2023 - 2027
B.Tech in Computer Science and Engineering | CGPA: **8.83**

Indian Public School, Madhubani, Bihar 2022
Senior Secondary (Class 12) | Percentage: **91.2%**

PROJECTS

FoodPulseAI

Machine learning-based application that predicts food delivery time using factors such as delivery distance, traffic, weather, order details, and delivery conditions.

CareConnect

Healthcare caregiving platform designed to connect patients with guardians or caretakers and support better care coordination.

GrievanceIQ

Digital complaint management platform that enables users to submit, track, and manage grievances efficiently.

Airbnb Homepage Clone

React-based frontend project recreating the Airbnb homepage with responsive UI and interactive components.

Portfolio Website

Responsive personal portfolio website created to showcase profile, technical skills, projects, and professional links.

- 8-week virtual internship in the **Artificial Intelligence domain**, focused on learning and applying AI concepts through structured training and practical activities.

Google Gemini Student Ambassador 2026

- Promoted AI awareness and Google Gemini adoption through campus engagement, events, and online activities.

Full Stack Development with AI - Internshala Trainings Apr - Jun 2026

- Completed hands-on training in full stack development, responsive web technologies, and AI-integrated development.

Secretary, WIT Code Club 2024 - 2025

- Coordinated workshops, seminars, and collaborative coding activities for students.

TECHNICAL SKILLS

- Java
- C++
- JavaScript
- HTML5 & CSS3
- Responsive Web Design
- Python (Basic)
- PHP
- SQL & MySQL
- DBMS
- Git & GitHub
- Vercel
- OOPs & DSA

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL Online Certification in **Soft Skill Development** - **75%**
- 1st Prize** - SQL Code Master Challenge
- 2nd Best Presenter** - AI Tech Talk Presentation Competition
- 3rd Prize** - Quiz Competition, LNMU
- Full Stack Development with AI** (Internshala Trainings) - Certificate of Training
- Certificate of Appreciation - **EliteHer Hackathon**
- Certificate of Participation - **Code at Christmas Hackathon**
- Participation Certificate - **Vibe Coding Workshop** (Girls Leading Tech)
